Today was my first visit to Montgomery Park Dental. Normally I do not like these kind of visits due to a really bad experience when I was young. Yet this was the best dental experience I've ever had! Truly! The dental hygienist was pleasant, careful and very thorough, explaining each procedure. Dr. Carolyn J. checked my teeth as well as the pictures and ex-rays, explaining options without pressure. The whole team was helpful and kind. I highly recommend Montgomery Park Dental to all my friends and anyone who needs a good dentist. Try them out and see for yourself!

Dr. Jovanovic and the whole staff at Montgomery Park Dental are absolutely amazing! I've been a patient of Dr. Quinn's for years and have always loved this office. Tara, Donna, Amy and Lorena are so awesome! Lorena helped me with insurance issues and was patient with me while we figured things out. Today I had an emergency situation and they quickly scheduled for me to be seen asap! They made me feel comfortable, never rushed and I was well informed about my dental problem and given a plan for treatment to help! Dr. Jovanovic was very thorough and even more kind! Beautiful office all the way around!

Today was my first visit. We left a large practice for a smaller, more intimate setting. Wow!! Was I pleasantly surprised!!! The office girl, the tech and Dr. Carolyn were so friendly! I couldn't believe how in depth the exam and explanation was. I am so grateful we found this practice!!

My visit was so much better than the last place I did business with. Your facility is very clean and relaxing. The ideas of bird feeders in the windows, screens on the ceiling, music playing, all contribute to the experience that most people don't look forward to. Of course your staff is outstanding. You have a customer for life.

Our family moved to the Conroe area last year and we were left to find a family dental office for 3 generations of family members. Our first choice was Montgomery Park Dental and we could not have chosen better. Love love love everyone we have met and interacted with. They listen, they are concerned and get things done. If you are looking for a change or are new to the area do yourself a favor and give this team a call. You will be glad you did.

Wonderful practice with phenomenal bedside manners! I even switched my four young children there because the care and attention to detail are fantastic. I've referred many and plan to continue!

I cannot say enough about the staff at Montgomery Park Dental. From the front office staff being very responsive and patient with my questions throughout the process of going through the dental procedures with Dr. Jovanovic and the hygienist Tara. I have say probably the best dental experience I have had my entire life. Dr. Jovanovic and Tara are thorough. I was most impressed by the way they made sure each the procedure they were working on was about me and my comfortable felt, not how fast they could get their job done. I never felt rushed. This is my first dental experience since moving to Texas from Atlanta last fall. I have zero reason to look anywhere else for another dentist. The staff is second to none.

Dr Carolyn, and all of the staff at Montgomery Park Dental are absolutely amazing. I have (completely unfounded) intense anxiety about dental work. I communicated my fears and anxiety to the office and they were able to come up with an approach that put me at ease. Dr Carolyn was so patient, gentle, and understanding; her bedside manner really eased my anxiety. Despite having quite a bit of work done, I was comfortable and experienced no pain. Thank you so much!

I was in a ton of pain over the weekend and needing a root canal other places were unable to take me for several days. My wife called for me, and they were totally booked up, but when William C. Quinn, D.D.S was told of my pain he quickly worked me in even though they already had a fully booked schedule. He was thorough quick and made sure I was comfortable and gone there. The well trained staff was very helpful and kind. So in all, it was a great experience and I'm very thankful. I highly recommend them and am thankful to have them as my dentistry now!
